Gebrehiwot Tesfaye Assefa

Passport: EP6289823 | **Work permit:** Ethiopian | **Date of birth:** 02/09/2001 |

Place of birth: Debresina, Ethiopia | **Nationality:** Ethiopian | **Gender:** Male | **Phone number:** (+251) 0953467793 (Mobile) | **Email address:** tesfayegebrehiwot123@gmail.com | **Website:** https://portfolio-gebby.vercel.app/ | **LinkedIn:** https://www.linkedin.com/in/gebrehiwot-tesfaye-6646091a1/ | **github:** https://github.com/Gebrehiwot-Tesfaye | **WhatsApp Messenger:** hello |

Address: Addis Ababa , Ethiopia, Bole Bulbula , Addis Ababa, 1000, Addis Ababa, Ethiopia (Home)

ABOUT ME

My name is **Gebrehiwot Tesfaye Assefa**, and I am a **dedicated Full-Stack Developer and Computer Engineer** with a strong passion for **building scalable software systems** and leveraging technology to solve real-world problems.
I hold a **Bachelor of Science in Electrical Engineering (Computer Engineering Focus Area)** from **Addis Ababa Science and Technology University (AASTU)**, where I gained deep knowledge in **software development, artificial intelligence, and system architecture**.

PROJECTS

10/11/2023 – 22/06/2024
Ethio-Virtual-Health-Care

Final Year Project – Ethio-Virtual-Health-Care
As part of my academic journey, I developed **Ethio-Virtual-Health-Care**, an **AI-powered healthcare platform** aimed at improving **accessibility to healthcare services**.

- The system integrates **deep learning models (ResNet-50, CNNs)** for **medical image classification** of **skin and eye diseases**.
- The **backend was built using Django**, ensuring seamless AI model integration, while the **frontend was developed with React.js** for an intuitive user interface.
- Features include an **appointment booking system** and a **specialist dashboard** where medical professionals can access patient data and AI-generated reports for diagnosis.

Through this project, I demonstrated expertise in **machine learning, full-stack development, and user-centered design**, showcasing my ability to develop impactful and efficient technological solutions.

WORK EXPERIENCE

23/10/2024 – CURRENT
PROGRAMMER

Professional Experience
ERP Odoo Developer – Ashewa Technology Solution S.C. *(July 24, 2024 – January 10, 2025)*
· Developed and customized **ERP solutions** using **Odoo**, optimizing business processes.
· Built **backend integrations and automation** to streamline business workflows.
Full-Stack Developer – EthioNest Software PLC *(January 16, 2025 – Present)*
· Developing **scalable web applications** using **Django (backend) and Next.js (frontend)**.
· Designing **high-performance, scalable systems** that offer **seamless user experience**.
IT Support Internship – Equatorial Business Group *(3 months)*
· Provided **technical support and IT services** to enhance **system performance**.
· Assisted with **problem-solving, system maintenance, and hardware/software management**.
Software Development Internship – EthioWare Software *(3 months, Remote)*
· Gained hands-on experience with **software development methodologies and modern frameworks**.
· Enhanced **coding and system design skills** through real-world projects.

CERTEFICATES

04/10/2022 – CURRENT

full stack developer

Certifications & Technical Expertise
To continuously enhance my skills, I actively pursue professional certifications and training in software development, machine learning, and related fields. My LinkedIn profile showcases my achievements, certifications, and contributions in these domains.
I also use GitHub and GitLab for version control and codebase storage, depending on project requirements.
Vision & Future Goals
I am passionate about creating new, scalable solutions that drive technological progress. My goal is to contribute to high-impact projects and explore innovative areas where technology can be used for social good and real-world problem-solving.
